Fun Facts: I try to make time from my busy schedule to try new food, photography, hiking, and playing with my dog, Diego. One day while driving in the rain, I rescued my dog while wandering injured and without a leash on a rainy day on the freeway. I exited and turned around and told myself that I'd take him in if he was still there when I came back. When I came back, he was there and when I opened the door, he jumped in. It was fate and from then, I called him Diego after the city.

My most recent hiking adventure was climbing Mount Whitney which is part of the Sierra Mountains in the Inyo National Forest (northern California/Nevada). Fun Facts: I was born a south paw but was forced to use my right hand to write when I was little, to which I attribute my beyond terrible sense of direction. On my days off I like to sleep in (yea definitely not a morning person—I'm admitting it after years of denial), and in my free time I like to play my piano (and teach on the side), hang out with friends, and get out of town when I get the chance.

 Email: Vi.khosho@sharp.com

Professional interests: Infectious Diseases, Antimicrobial Stewardship

Fun Facts: I'm a mother of two beautiful girls that occupy 90% of my time when I'm not at work. Because I have no time, I like to do workout videos on Youtube with my kids to stay healthy. I love to cook all types of food (which is why I have to work out), but lately I've been trying to make more vegan meals. I don't like eating bananas by themselves, but I absolute love desserts with bananas in them. You know name it...banana bread, banana pudding, banana cream pie, etc... I love them all! 😊

For those into personality tests, my Myers-Briggs is ISFJ and my Enneagram is 1w2 :) I have lived on the East coast, in the South, and on the West coast, and I have to say, the West coast is indeed the best coast.

Florence Wu, PharmD (florence.wu@sharp.com)

School: University of Southern California

Professional Interests: Infectious Diseases, Oncology, Critical Care

Fun Facts: I am originally from LA, and my biggest weakness is my love for food and chocolate. When I'm not chowing down on some sushi or eating my favorite Somi Somi ice cream, you can catch me weightlifting and jump roping! I have a huge passion for this lifestyle, and it's something that I hope to continue to do for the rest of my life. I am excited to explore San Diego and see what it has in store for me! I am slowly falling in love with the city although I have only been here for a short period of time. (:
