

# HHA Certification at Your Fingertips

## Receive your Home Health Aide (HHA) Certification in as little as 4 weeks with our new program based on knowledge and hands-on skills

VNS Health is leading the home health industry in New York State with a 4.5-star quality rating from CMS and we have partnered with CareAcademy to bring you a user-friendly training program to help you reach your professional goals as a caregiver. The HHA Training Program aligns with New York State home care requirements and is set up with your safety and convenience in mind, blending online and in-person learning.

Home Health Aide is one of the fastest-growing professions in the country. The U.S. Bureau of Labor Statistics (2022) projects the home health and personal care aide professions will grow faster than the average growth of all other occupations, increasing by 33% from 2020 to 2030. It is a purposeful and valuable profession that offers a flexible schedule. Becoming a HHA contributes to VNS Health's tradition of standard of excellence in care.

The VNS Health Home Health Aide Training Program blends content-rich, virtual classes with an in-person curriculum led by interactive and experienced instructors. This innovative format enables you to train and receive your HHA certification in 20 days.

**20 hrs**

Total in-person skills classroom time

**85 hrs**

Total mobile-friendly online class time

**HHA Certified**

You, ready to provide best-in-class care

### How it works

## About the companies:

For 129 years, VNS Health has been at the forefront of health care innovation and coordinated care management in the home. Serving the five boroughs of New York City and Nassau, Suffolk and Westchester Counties, VNS Health is one of the largest not-for-profit home- and community-based health care organizations in the United States.

CareAcademy provides high-quality, state-approved training for home care agencies, home health agencies, franchise systems, and payors that increases learner knowledge for better health outcomes. Nearly 300,000 learners have completed over 1.5 million hours of training with CareAcademy. With easy-to-use, web-based courses and a robust administrator platform, CareAcademy offers education and compliance solutions for home care and home health organizations of all sizes, from small agencies to multi-state enterprises.
