

Walgreens and University of Puerto Rico School of Pharmacy PGY1 Community-Based Pharmacy Residency Program, San Juan, Puerto Rico

The University of Puerto Rico and Walgreens Community-Based Pharmacy Residency Program is a postgraduate training opportunity for pharmacists to enhance their skill set in the community pharmacy setting. The residency is academically affiliated and financially supported, in part, by the University of Puerto Rico School of Pharmacy. The residency will allow the pharmacist to build on their professional skills by providing a variety of patient care services. Pharmacists in this setting will have a direct influence on patient outcomes through participation in patient counseling, immunization services, and Medication Therapy Management with a specific emphasis on patient adherence. Residents will also work to develop collaborations with other area providers to improve the health care of our communities. The residency program graduates will be leaders in the pharmacy community and will have an active role in advancing community pharmacy practice.

Residency Activities

- Evaluate the sustainability of new patient care services
- Enhance existing patient care services
- Pharmacist administered immunizations
- Serve as preceptor for the School of Pharmacy Pharm D candidates
- Serve as instructor at the School of Pharmacy
