Walgreens Community—Based Specialty Pharmacy and Northeastern School of Pharmacy

The mission of the Walgreens Northeastern University (NEU) Community Pharmacy Residency Program is to develop well-rounded, confident, and innovative community pharmacy practitioners who will advance the profession by providing superior patient care in a financially sustainable manner. To build upon the Doctor of Pharmacy (PharmD) education and outcomes to develop community-based pharmacist practitioners with diverse patient care, leadership, and education skills who are eligible to pursue advanced training opportunities including PGY-2 residencies and professional certifications.

The residency program is based at the URAC Accredited Walgreens Community-Based Specialty Pharmacy located in the heart of the Longwood Medical Area in Boston, Massachusetts. This premier pharmacy location offers a variety of clinical pharmacy services for patients who are prescribed complex therapies.

The resident will:

- Participate in unique and innovative models of practice that continue to push healthcare forward
- Focus strongly on inter-professional collaboration and professional leadership
- Engage in transitions of care and specialty disease state management activities
- Gain knowledge in HIV, Hepatitis C, oncology, mental health, diabetes and epilepsy

Residency Activities

Patient care services:

- Collaborate with the hospital staff to assist in reducing expenses associated with readmissions
- Provide medication management and counseling services
- Improve patient adherence to medication therapy and improve health outcomes
- Working in a team-based practice model to help treat patients with Opioid Use Disorder (OUD)
- Support patients with chronic conditions that require utilizing limited distribution drugs (LDD)
- Provide additional health and wellness services including but not limited to MTM, immunizations, and blood pressure screenings

Academic Pursuits:

- Facilitate and lead learning activities for student pharmacists in campus-based classrooms and laboratories
- Serve as preceptor for IPPE, Co-Op, and APPE students
- Design and lead a pharmacy-based patient care research project
- Complete residency teaching certificate program
- Participate in both student and professional organizations

Leadership Opportunities:

- Develop skills to become an efficient clinical staff pharmacist, pharmacy manager and store manager
- Understand the complex organizational structure
- Master basic leadership skills including but not limited to problem solving, action planning, delegation, accountability, and communication with team members
- Collaborate with regional leadership on strategic planning to meet the mission and vision of the organization

Residency Program Benefits

- Competitive stipend and comprehensive medical plan
- Travel allowance for pharmacy-related conferences
- Adjunct appointment with NEU School of Pharmacy
- Access to NEU Library and online resources

Candidate Requirements

- Doctor of Pharmacy degree from a college or school of pharmacy accredited by the Accreditation Council for Pharmacy Education
- Completed online application at www.walgreens.jobs
- Submission of residency application materials to Pharmacy Online Residency Centralized Application Service (PhORCAS)
- On-site interview (upon invitation)
- Registered with the National Matching Service (NMS)

Completed application and all accompanying materials must be received no later than **January 8th** in the year in which admission is sought.
