

Walgreens and the Sullivan University College of Pharmacy PGY1 Community-Based Pharmacy Residency Program , Louisville, KY

Walgreens Community Pharmacy Residency Program is a postgraduate training opportunity for pharmacists to enhance their skill set in the community pharmacy setting. The residency is academically affiliated and financially supported, in part, by the Sullivan University College of Pharmacy. The majority of the residency experience will be located in Louisville, KY and Southern Indiana at Walgreens pharmacies. This residency will allow the pharmacist to build on their professional skills by providing a variety of patient care services.

Pharmacists in this setting will have a direct influence on patient outcomes through participation in patient counseling, immunization services, disease state management, community events, and medication therapy management. There will be additional experiences with established HIV programs at our specialty pharmacy in the Louisville. Residents will also work to develop collaboration with other area providers and community stakeholders. The pharmacist will complete a teaching certificate program and will assist in teaching opportunities and precepting experiences for the Sullivan University College of Pharmacy. The residency program graduates will be leaders in the pharmacy community and will have an active role in advancing community pharmacy practice.

Residency Activities

The resident will participate in the provision of patient care services through the following:

- Development of collaborative programs to improve patient adherence and outcomes
- Perform Medication therapy management
- Assist in delivery of complex HIV/AIDS medication education
- Provide personalized, comprehensive care to patients with complex conditions
- Educate providers and payers on local specialty services
- Evaluate the sustainability of new patient care programs
- Enhance existing patient care programs
- Administer immunizations
- Complete a Teaching Certificate Program
- Serve as preceptor and instructor to pharmacy students
- Design and conduct a practice based residency project
- Present residency project findings at a professional conference
- Perform patient centered dispensing
- Provide clinical instruction to student pharmacists at the college of pharmacy and practice site
- Participate in community service events

Residency Program Benefits

- Competitive stipend
- Comprehensive medical plan
- Residents are eligible for Paid Time Off (PTO). Resident pharmacists may accrue approximately 15 days depending on average hours worked and time in position.
- Travel allowance for pharmacy-related conferences
- Clinical Assistant Professor role with Sullivan University College of Pharmacy
