

Campbell University College of Pharmacy & Health Sciences and Walgreens PGY1 Community-Based Pharmacy Residency Program, Dunn NC

PGY1 Community-Based Pharmacy Residency Program Purpose: To build upon the Doctor of Pharmacy education and outcomes to develop community-based pharmacist practitioners with diverse patient care, leadership, and education skills who are eligible to pursue advanced training opportunities including postgraduate year two (PGY2) residencies and professional certifications.

Walgreens Community-Based Pharmacy Residency Program is a postgraduate training opportunity for pharmacists to enhance their skill set in the community pharmacy setting. The residency is academically affiliated and financially supported, in part, by the Campbell University College of Pharmacy & Health Sciences. This residency will allow the pharmacist to build on their professional skills by providing a variety of patient care services.

Pharmacists in this setting will have a direct influence on patient outcomes through participation in patient counseling, immunization services, and Medication Therapy Management with a specific emphasis on patient adherence. Residents will also work to develop collaboration with area providers and develop innovative clinical pharmacy services for patients who are prescribed complex therapies who are experiencing care transitions. Residents will also complete a rotation at a Walgreens Specialty pharmacy to gain experiences in disease states including HIV, Hepatitis C, and chronic inflammatory disease.

The resident will complete a teaching certificate program and will assist in teaching opportunities and precepting experiences for the Campbell University College of Pharmacy & Health Sciences. The residency program graduates will be leaders in the pharmacy community and will have an active role in advancing community pharmacy practice.

Residency Activities

- Development of collaborative programs to improve patient adherence and outcomes
- Medication Therapy Management
- Patient counseling
- Assist in delivery of medication and disease-state education
- Transitions of care visits in conjunction with a local primary care clinic
- Enhance current and develop new clinical patient care services and evaluate their sustainability
- Development of leadership and management skills
- Administer immunizations
- Complete a Teaching Certificate Program
- Serve as a preceptor to pharmacy students
- Design, conduct, and present the results of a practice based research project
- Complete rotations in ambulatory care and drug information

Residency Program Benefits

- Competitive stipend
- Comprehensive Medical Plan
- Travel allowance for pharmacy-related conferences
- Residents are eligible for Paid Time Off (PTO)
 - The rate at which you accrue your PTO will be based on your years of service, average hours per week, and position. Resident pharmacists may accrue approximately 10 days depending on average hours worked and time in position.
