

Walgreens PGY1 Community-Based Pharmacy Residency Program, Jackson, Mississippi

PGY1 Community-Based Pharmacy Residency Program Purpose: To build upon the Doctor of Pharmacy education and outcomes to develop community-based pharmacist practitioners with diverse patient care, leadership, and education skills who are eligible to pursue advanced training opportunities including postgraduate year two (PGY2) residencies and professional certifications.

Walgreens-Jackson, MS Community-based Pharmacy Postgraduate Year One (PGY1) Residency Program aims to develop advanced community pharmacists who will provide direct patient care to a variety of patient populations, collaborate with other healthcare professionals to optimize patient outcomes, and incorporate patient care activities into the daily workflow of a community pharmacy.

This PGY1 residency experience is based out of Walgreen's Specialty Pharmacy #21165 and multiple other Walgreen's pharmacies in the greater Jackson, MS area. Longitudinal learning experiences offer the resident the opportunity to practice continuously throughout the year in focused, direct patient care areas such as specialty pharmacy, medication and disease state management, routine and other immunizations, travel health, and clinical practice management. The resident will further develop patient care and management skills and knowledge while working directly with community pharmacist leaders.

Walgreens-Jackson, MS Community-based Pharmacy PGY1 Residency Program is accredited by the American Society of Health-System Pharmacists (ASHP) in association with the American Pharmacists Association (APhA). Graduates from this program are trained to be leaders in the pharmacy community and play an active role in advancing community pharmacy practice beyond dispensing.

Residency Activities

- Develop collaborative programs to improve patient adherence and outcomes
- Provide medication therapy management and patient counseling across multiple patient populations
- Deliver preventative health services including routine immunization, off-site immunization clinics, and health coaching consultations
