

Distribution Center Supply Chain Operations Internship Program

Our Supply Chain Operations internship program focuses on the flow of goods throughout a range of functions within our distribution centers. Students will gain hands-on knowledge and experience in a variety of areas, and learn first-hand from a retail industry leader. Without our distribution centers, we couldn't provide the products and services our customers and communities expect in our stores. Our distribution facilities are some of the most productive in the industry. Our inclusive workspace allows us to broaden our workforce by extending opportunities to people with disabilities in our Hartford Region, CT and Anderson, SC locations, both with specialized workstations and other accommodations.

Additional details about the internship program:

- Full immersion in distribution logistics
- Learn one of the most sophisticated supply chain processes in the nation, working side-by-side with experienced managers
- Occurs for 10 weeks over the summer
- Multiple distribution center locations
- Adaptable workspace to encourage success
- Learn the technology that streamlines the process

Areas you'll gain experience:

- Transportation
- Shipping/Receiving
- Human Resources
- Inbound/ Outbound
- Management Operations
