

Walgreens

Pharmacy Technician Apprenticeship

Walgreens is proud to invest & champion an “earn while you learn” Pharmacy Technician Training Program recognized by ASHP/ACPE. This apprenticeship program guides our Pharmacy Techs in taking steps towards becoming a PTCB or NHA Certified Pharmacy Tech and helps maintain the high level of skill required in the pharmacy care industry by arming our techs with a nationally recognized, portable credential that will help them advance their careers.

CAREER GROWTH DEVELOPMENT

Get Hired

The Pharmacy Technician/Pharmacy Tech Apprenticeship job demonstrates we can hire & train people without prior experience, giving them an entry point to a career

Onboard

Pharmacy Techs will feel comfortable in their first days on the job through our national onboarding program. They even have a new name tag that says Pharmacy Tech Apprentice.

Get Trained

The Pharmacy Tech Apprenticeship prepares our Pharmacy Techs through training and on-the-job practice so they can earn while they learn. Our techs do not need to invest in school to gain these skills and certifications.

Get Promoted

The Pharmacy Tech Training Program provides the foundation to build knowledge, & skills to grow Pharmacy Techs Into Certified Pharmacy Techs upon successful completion of the PTCB or ExCPT (NHA) test.

BENEFITS

Paid Position: Jumpstart Your Career

Earn while you learn on the job, complete our Technician training program and receive a pay increase when you pass your certification exam and are promoted to Certified Pharmacy Tech.

Credentials

When you complete the Pharmacy Tech Training Program and pass the PTCB or ExCPT (NHA) certification exam, you'll receive an industry-recognized and nationally transferrable credential.

Mentorship

The Walgreens team is behind you every step of the way to help you succeed!

Education

Gain workplace relevant skills through on-the-job-learning. Walgreens University has partnered with American Council of Education (ACE) to provide up to 10 college credits for completing the Walgreens ASHP/ACPE Pharmacy Technician Training Program. [Click here to learn more!](#)
