

Consumer Lending & Virtual Solutions Internship Program

Interns gain hands-on experience in an individual business group to gain valuable career development, training, feedback and coaching, and on-the-job experience. You will be placed in one of the business groups based on hiring need:

- **Consumer Lending** is a diversified product and services group that provides home lending, auto loans, and student loans to more than 30 million customers. Its team focuses on providing guidance, advice and tools to assist customers with making informed decisions for selecting the right products and services to satisfy their financial needs and help them succeed financially.

Products and Services

- **Home Lending**
 - Home Mortgage
 - Home Equity
- **Personal Lending**
 - Personal loans and lines
 - Student loans
- **Wells Fargo Auto**
 - Commercial Dealer Services
 - Indirect Auto Financing

- **Payments, Virtual Solutions, and Innovation** brings together the company's robust payments platforms, digital capabilities, online, mobile and phone channels and innovation teams. The business also invests in research and development and strategic partnerships to design and build next generation products and customer experience.

Products and Services

- Consumer & small business checking and savings
- General purpose, co-branded and private label credit cards
- 24/7 contact center support
