

WANT TO INCREASE YOUR EARNING POTENTIAL, CHOOSE YOUR OWN CAREER PATH, AND BUILD YOUR SELF-CONFIDENCE THROUGH EDUCATION?

Why apply? Here's what several of your colleagues have to say...

"I have been a Physical Therapist for 16 years and have worked in the home setting

since 2015. It has been a very rewarding journey. I am always very curious by nature and want to understand the "why" behind everything. I am very thankful to BAYADA for the opportunities given to me through the Presidential Scholarship program over the past three years. The scholarship has allowed me to take virtual courses, LSVT (Lee Silverman Voice Treatment developed for people with Parkinson's disease) certifications and other in-person certifications. I've consistently continued my education in advancement of better patient outcomes which is backed by evidence-based research."

—**Laxmi Suryanarayana, PT**
Montgomery, PA Home Health (MPV)

"My role as a Registered Behavior Technician at BAYADA has opened my heart

and mind to serve others in my community. The BAYADA Presidential Scholarship supports my efforts in obtaining the highest quality education in pursuit of my career. I'm aspiring to become a Board Certified Behavior Analyst and I'm striving to take the highest level graduate courses through my doctorate degree program in preparation for my future role as a licensed Behavior Analyst in the state of Hawaii. Financial support from the BAYADA Presidential Scholarship will increase my ability to provide the highest quality services to students with autism and their families."

—**Jared Yokoyama, RBT**
Oahu, HI Behavioral Health (OBA)

"Receiving the BAYADA Presidential Scholarship is helping me achieve my educational

and career goals. I want to learn to enhance my role as an RN and become a leader in the field. Taking the Leadership and Management in Healthcare course can help me do that and will take me one step closer to my dream of earning my bachelor's degree in Nursing. Applying what I learn in this class to my work will lead me to become a nurse manager in the future and to take on leadership roles throughout my career. I will learn skill sets that are essential in nursing leadership and management. This class will help me be an effective leader in the field of Nursing."

—**Jaizelyn Jocson, RN**
Queens County, NY Pediatrics (QCS)

"At one time, nursing school seemed impossible but with my career at

BAYADA I feel I am making the best choice for my future. By furthering my education in the medical field, I can obtain my license as a Registered Nurse. As an RN I can coordinate with a healthcare team to make the best plan for each patient. I aim to make a difference in others' lives and the BAYADA Presidential Scholarship is crucial in affording my education. I am persistent and passionate in all that I do. Most things seem impossible until they are done."

—**Heather Walters, LPN**
Butler County, PA Pediatrics (BTP)

Last year, we awarded more than \$300,000 in scholarships to deserving candidates like you. Individual awards will range up to \$1,500 and are intended for tuition and book reimbursements to further your growth and development. Exclusively for BAYADA field clinicians, monetary awards from the scholarship program can be applied to the class, course, seminar, or training of your choice (including CPR certification courses)!

Requirements:

- Work a minimum of 26 weeks by March 20, 2022
- Submit a completed application by May 6, 2022
- Include two letters of recommendation (one from your client services manager or director, and one from your BAYADA clinical manager, BAYADA client, or BAYADA coworker)
- Submit a one-page essay describing your educational goals and why you deserve to be awarded a scholarship

Please contact your manager with any questions.
