

BOEING IN OKLAHOMA

Build the Future in OKC.

Boeing Oklahoma City is the heart of modernizing and modifying aircraft for the U.S. military and international allies. After decades of growth, we are now 3,000 employees strong and our future is bright because of new engineering work within our executive transport, surveillance and bomber portfolios. Utilizing cutting-edge labs and staffing the flight line, our team continues to provide vital services that connect, protect, explore and inspire.

Investing in our people.

Throughout our history, we've made major investments in our communities and people—including more than \$1 billion in education through our industry-leading tuition assistance program. Right now, we're creating our next generation of leaders and giving them the resources to build careers as impressive as our products.

Something to do for everyone.

Your next hometown may surprise you. Oklahoma City is a vibrant community, unafraid to reinvent and revitalize itself. A decades-long renewed emphasis on public improvements and large-scale projects helped propel its current renaissance. Its urban hustle boasts an NBA franchise in the Oklahoma City Thunder, Bon Appétit Magazine's 2018 best new restaurant in America, an award-winning zoo, and a dynamic arts and music scene. Its outdoor scene can hold its own too. Everything from whitewater rafting downtown, kayaking on the Oklahoma River, and more than 30 lakes within an hour of the city for fishing or hiking. This is all possible today in Oklahoma City.
