NetApp

About NetApp

NetApp is the intelligent data infrastructure company. We create silo-free infrastructure, then harness observability and AI to enable best data management actions everywhere — so customers can achieve their dynamic business priorities.

Diversity, equity, inclusion & belonging

We are a collection of diverse people from around the world, each with our own individual stories. Together, we create innovative, world-class products. We are One NetApp.

Our culture

NetApp values and behaviors provide inspiration and guideposts as we work to build an aspirational culture together with our customers. Joining NetApp means becoming part of a diverse and inclusive culture.

Employee business resource groups

- NetAbled
- Women in Technology
- NetApp Network of Blacks in Tech
- NetApp Veterans
- Latinos Unidos at NetApp
- Proud at NetApp

NetApp Serves:

NetApp Serves empowers employees to do good and serve others by providing paid time off to volunteer or matching donations to support the causes they care about.

$3M FY21 Corporate giving	2,141 Volunteers	26,477 Hours volunteered

Thrive together

Our five guiding values set the stage for flexible work at NetApp. After all, doing your best work requires a healthy work-life balance. This way, NetAppers anywhere can Thrive Together.

- Put the customer at the center
- Care for each other and our communities
- Build belonging everyday
- Embrace a growth mindset
- Think and act as owners

Connect with us

@LifeatNetApp on Instagram, Facebook and Twitter to learn more about our company and culture

At NetApp, we're dedicated to supporting our people beyond just their day-to-day roles. Our Entry-Level Talent Programs encourage participation in a variety of events and offerings designed to help new employees explore professional, personal, and philanthropic interests.

Global NetApp Emerging Talent

The Global NetApp Emerging Talent (NET) Program enables new full-time hires with 0-3 years of experience to develop a growth mindset, sharpen their skills, and foster meaningful cross-functional relationships, helping to build successful, long-term careers with NetApp.

Global S³ Academy

The Sales, Support, and Services (S3) Academy is a 2-year global development program for Early in Career talent. The S3 Academy focuses on helping participants reach their full potential by immersing them in the software, systems, and technologies shaping the world.

Global Intern Program

The NetApp Global Intern Program provides real-world career experience and helps develop a strong talent pipeline. Interns gain access to the resources, mentoring, and feedback they need to grow — all while building meaningful relationships across the company.
