For Employees –

UNM Hospital is committed to helping you, our valued employees, who choose to breastfeed and to continue to breastfeed after returning to work. Learn more about our lactation support services to help you reach your personal infant feeding goals.

Lactation Station Locations

Access to pump rooms is controlled by employee badge.

Please ask for form when visiting OHS for Return to Work Clearance. Form will need to be filled out, signed by unit manager and returned to Badging Office to get access to the lactation station
