

Apprenticeship - UK & Ireland

FUNCTION: Level 6 Digital and Technology Cyber

Your Future Employer

Unilever is one of the world's leading suppliers of Food, Beauty and Wellbeing, Home, and Personal Care products with sales in over 190 countries and reaching 3.4 billion consumers daily. Founded in Port Sunlight (Wirral) in 1929 by Lord Lever, Unilever has more than 400 brands found in homes around the world, including Dove, TRESemmé, Lynx, Lifebuoy, Shea Moisture, Hellman's, Persil, Domestos, Marmite, Graze, Vaseline, Sure, Colman's and Pot Noodle.

Our goal is to deliver best-in-class performance with market making, unmissably superior brands. From our earliest days Unilever has been at the forefront of change always striving towards making a world where everyone can live well and within the natural limits of the planet. That's why our purpose is 'Brightening everyday life for all'.

****As we receive a high volume of applications, please make sure to read the job descriptions on our website carefully and apply for the ONE function you are most interested in. Only your first application will be considered****

What is the job?

On the Digital & Technology Solutions Apprenticeship Cyber pathway, you'll join our growing Cyber Security function, which is at the forefront of protecting Unilever daily from cyber threats. Over the 3 years, you'll complete 3 placements, focusing on Business Engagement in year 1, Governance & Risk or Human Risk and Culture in Year 2, and finishing in Architecture (ensuring the tools we use are fit for purpose and effective) for your final year. All whilst completing your degree through a blended learning approach with Exeter University with on-campus teaching blocks at their Campus and online study to allow you to fully immerse yourself in learning and allow you to benefit from the university lifestyle when on campus.

We are looking for individuals with a strong interest in protecting a complex FMCG (Fast Moving Consumer Goods) business from cyber security threats.

What do we look for?

We are seeking passionate individuals who are eager to learn and grow with us. No prior experience in cybersecurity is required, but a keen interest in the field is essential. We value curiosity, enthusiasm, and a willingness to dive into new challenges. If you are excited about the opportunity to expand your knowledge and skills, we want to hear from you.

What could your day-to-day look like?

Start your day by getting into the office at 8:45 AM and logging on. Check-in with your manager to discuss the day's tasks and get updates on any outstanding projects. Spend some time planning your diary and emails to ensure you are up to date.

At 12:00 PM, take a break for lunch. After lunch, engage in face-to-face project meetings and business engagement meetings with key business stakeholders.

In the afternoon, you will have some individual time to work on tasks such as creating presentations which you may be requested from a business leader in Africa to understand the risk posture in their market, analysing data on PowerBI, or conducting specific research.

Close your day with a chat with your team and finish at 5:00 PM.

What support do we offer?

You will be looked after by the Technology Apprenticeship Team, where functional experts ensure you gain the right experiences and rotation opportunities throughout your apprenticeship. They will monitor your grades with your university tutor and provide constant support to drive your career at Unilever.

As part of this, you will be given a Career Sponsor who is a manager at Unilever. This sponsor will be your close support throughout the entirety of the scheme as you move roles. They will support you in many aspects, but importantly in your studying and your wellbeing, utilizing all the great resources we have such as an Employee Assistance Programme, learning budget, and the Headspace app.

What can Unilever offer YOU?

- A Competitive Salary of £22,716
- A pension Scheme
- A discounted staff shop
- Subsidised Gym Memberships
- Shares
- 25 days of holiday allowance

At Unilever, diversity is about embracing differences, championing inclusion, creating possibilities, and growing together for better business performance. Join our vibrant and inclusive workplace that champions diversity and inclusion.

We give full and fair consideration to all applicants, regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, and pregnancy and maternity.

We are a key advocate of well-being and offer a variety of support for our people including hubs, programmes, and development opportunities. We strive to achieve a family-friendly and inclusive workplace and to, above all, create possibilities for all.

Duration

3-4 Years

Requirements

Have at least 5 GCSEs including English Language and Maths at grade 4 or above.
Have or are predicted 3 A-levels at grade BBB or BTEC DDM.

Locations Available

Hybrid working with a minimum of 2 days required weekly at either our Kingston or Port Sunlight (Wirral) office.

Application Process:

Stage 1 - Complete the online application form and tell us about your motivation for choosing Unilever and your selected apprenticeship programme.

Stage 2 - Situational Judgment Test, which gives you realistic, hypothetical scenarios where you will be asked to identify the most appropriate response. You will also have a numerical and verbal reasoning test at this point.

Stage 3 - In-Person Discovery Centre, immersing yourself in business challenges and an interview.

Discovery Centres:

18th and 19th February 2026

Closing date:

This is a rolling deadline, so we encourage you to apply as soon as possible to avoid disappointment in case applications close early.

If you have any questions about your application or if you require any reasonable adjustments to be made to complete any part of the application process, please contact the Future Careers Team. If you would like to discuss any mitigating circumstances before making an application, please also contact the team using the following contact details:

Phone: 020 3650 2304 or e-mail: futurecareers.recruitment@unilever.com.

Recruitment Fraud

Cybercriminals advertise fake job adverts with prestigious employers as a way of stealing information or even defrauding individuals out of money. In the most sophisticated cases, they will set up fake websites, which have a similar address to

companies like Unilever. They even conduct fake telephone interviews and then offer candidates a role with the proviso they pay a fee for background checks or to cover work visa costs. These types of attacks are becoming more common as more people are looking for employment in the economic climate.

How is Unilever tackling this?

Many of Unilever's recruitment sites publish a warning to candidates about recruitment fraud. The Cyber Security team also proactively scans for signs of people setting up fake Unilever sites and acts to close them down.

What can I do?

If you become aware of potential recruitment fraud, spot fake Unilever recruitment adverts or fake LinkedIn profiles, report them via Una Live Chat.

Unilever does not accept responsibility or liability for any candidates who are financially impacted by recruitment fraud. Your vigilance is key!
