Raymond Yau, PharmD
Raymond Yau is our clinical pharmacy specialist for liver transplant/hepatology. He graduated from the University of Texas at Austin and completed his PGY1 here at Baylor St Luke's Medical Center. He then went on to practice as a critical care specialist at UTMB in Galveston before coming back to Baylor St. Luke's Medical Center. His interests include immunosuppression and complex infections. He is the PGY1 residency program director and preceptor for PGY1 and PGY2 transplant rotations.

Nicholas Teran, PharmD, BCIDP
Nico Teran is one of infectious diseases (ID) and antimicrobial stewardship clinical pharmacy specialists at Baylor St. Luke's Medical Center (BSLMC). He graduated from the University of Texas at Austin College of Pharmacy, completed his PGY1 (2021-2022) at BSLMC, and ID fellowship (2022-2024) through the joint BSLMC/University of Houston College of Pharmacy program. His professional interests include the management of infections in immunocompromised hosts and optimization of antimicrobial therapy to reduce adverse events. He is the PGY1 residency program coordinator, and serves as a preceptor for the PGY1, PGY2 critical care, and ID fellowship programs.

Thomas Szymanski, PharmD, BCCP, BCCCP
Thomas Szymanski is a clinical pharmacy specialist in cardiovascular surgery and cardiology at Baylor St. Luke's Medical Center (BSLMC). At BSLMC, he serves as chair of the Thrombosis and Haemostasis Subcommittee, the residency program director for the PGY2 cardiology pharmacy residency, and preceptor for cardiac surgery and general cardiology rotations for PGY1 and PGY2 pharmacy residents. He received his PharmD and BA in French from the University of Rhode Island and completed his PGY1 pharmacy and PGY2 cardiology pharmacy residencies at Memorial Hermann - Texas Medical Center. Thomas spent 6 years as a clinical specialist in cardiac surgery and cardiovascular critical care at WVU Medicine in Morgantown, WV prior to coming to BSLMC. He is an active member of the ASHP, where he serves as vice chair of the SCSS Educational Steering Committee and previous member of the ASHP Council on Therapeutics, and ACCP, where he has served on numerous councils and committees. He is a current member of the Board of Pharmacy Specialties Cardiology Specialty Practice Council.

David Vu, PharmD
David Vu is the lung transplant clinical pharmacy specialist at Baylor St. Luke's Medical Center (BSLMC). He completed his PGY1 Pharmacy Practice Residency and PGY2 Solid Organ Transplant Pharmacy Residency at BSLMC after graduating from the University of Texas at Austin College of Pharmacy. Since completing his residency in 2025, he has stayed on full time and serves as a preceptor for the cardiothoracic solid organ transplant rotations. His clinical interest includes management of antibody-mediated rejection and treatment of opportunistic infections in transplant recipients.

Coty Tunwar, PharmD
Coty Tunwar is a Clinical Pharmacist specializing in Kidney Transplant and Nephrology, currently serving as the Residency Program Director for the Solid Organ Transplant PGY2 program. She earned her Bachelor of Science from Xavier University in New Orleans, Louisiana, and her Doctor of Pharmacy degree from Chicago State University in Chicago, Illinois. Following her graduation, she completed a PGY1 Pharmacy Practice residency at Wesley Medical Center and a PGY2 residency in Solid Organ Transplant at Methodist Le Bonheur Healthcare. Dr. Tunwar is an active member of the American Society of Health-System Pharmacists (ASHP), the American College of Clinical Pharmacy (ACCP), and the American Society of Transplantation. Her professional interests include the management of end-stage renal disease and the treatment of post-transplant rejection.

Kady Phe, PharmD, BCIDP
Kady Phe is a clinical pharmacy specialist in infectious diseases and antimicrobial stewardship. She graduated from the University of Houston College of Pharmacy and completed her PGY1 at BSLMC, followed by a 2-year Infectious Diseases Pharmacy Fellowship with BSLMC in conjunction with the University of Houston College of Pharmacy. After completing her fellowship, Kady stayed on at BSLMC to be one of the ID clinical specialists. Her professional interests include infections in immunocompromised hosts and multi-drug resistant organisms. Kady is the director of the Infectious Diseases Pharmacy Fellowship at BSLMC and serves as a preceptor for the PGY1, PGY2 critical care and ID fellowship program.

Megan Yeung, PharmD
Megan Yeung is the heart transplant clinical pharmacy specialist at Baylor St. Luke’s Medical Center (BSLMC). After graduating from the University of Texas at Austin College of Pharmacy, she completed her PGY1 Pharmacy Practice Residency and PGY2 Solid Organ Transplant Pharmacy Residency at NewYork-Presbyterian. Afterwards she served as a lung transplant pharmacist at Columbia University Irving Medical Center prior to accepting her current role. Her clinical interest includes desensitization and treatment of rejection.

Mary Sun, PharmD, BCPS, BCCCP

Mary Sun is one of the critical care clinical pharmacy specialists at Baylor St. Luke’s Medical Center (BSLMC). She received her Doctor of Pharmacy degree from University of Houston College of Pharmacy. She began her journey at St. Luke's while as a student, completing multiple APPE rotations, then went on to complete a PGY1 Pharmacy Practice Residency at BSLMC. Afterwards, she stayed on as a Clinical Pharmacist in surgical ICU/internal medicine. Then she transitioned into her current role in 2025, and now serves as a preceptor for MICU and neuro ICU rotations. Her practice interests include treatment of septic shock, stroke, and code management.

Meghna Vallabh, PharmD, BCCCP
Meghna Vallabh is a clinical pharmacy specialist in critical care medicine. She graduated from the University of Kentucky College of Pharmacy and completed her PGY1 Pharmacy Practice Residency at Saint Joseph East in Lexington, KY. After completing her residency, she practiced as a Critical Care Pharmacy Specialist at Saint Joseph East, then joined the team at Baylor St. Luke's Medical Center. Her professional interests include sepsis, ARDS, and process improvement strategies. She also serves as the Director of the PGY2 Critical Care Pharmacy Residency Program at BSLMC.

Emily Quach, PharmD
Emily Quach is a clinical pharmacy specialist in cardiology at Baylor St. Luke's Medical Center. She earned her Bachelor of Science in Biochemical and Biophysical Sciences and Doctor of Pharmacy at University of Houston in Houston, Texas. After graduation, she completed PGY1 residency at Baptist Hospitals of Southeast Texas and PGY2 cardiology residency at Baylor St. Luke's Medical Center. She serves as a preceptor for medical cardiology/anticoagulation.
