

# We're looking to grow our team

With people passionate about biomedical equipment repair

## Biomedical Equipment Repair Student Intern Program

### Who We Are

Through hundreds of hospitals and other sites of care across the nation, our 91,000 employees create healthy communities and provide exceptional care rooted in profound respect for human dignity.

To better serve our communities, Catholic Health Initiatives aligned with Dignity Health to form CommonSpirit Health. Our new organization is accessible to nearly one in four U.S. residents.

Our nationwide, in-house Clinical Engineering team focuses on improving patient care through medical equipment management, preventive maintenance and repair.

### By joining our Student Internship Program, you can:

- Learn the necessary skills to ensure hospital equipment functions perfectly
- Exposure to state-of-the-art medical equipment and learn how to service them
- Build a lifelong career with opportunities for advancement

### What We Offer

#### Full- or Part-Time Paid Internship

Gain skills and experience and get paid! Flexible schedules.

#### Career Opportunities

Leadership development for high-performing team members.

#### Tuition Assistance

We offer Tuition Assistance\* to full-time employees

#### Opportunities for Promotion

After graduation, you'll be eligible to apply for a full-time role with benefits.
