# Program Objectives

## PGY-1 Community Pharmacy Residency Program (Long Term Care)

The overall goal of the program is to cultivate future CVS Health leaders through in-depth exposure to clinical practice, patient-centered care, innovation and organizational leadership. Partnered with University of Toledo College of Pharmacy and Pharmaceutical Sciences, this 12-month intensive program is designed for the resident to learn the different facets of long term care pharmacy practice through experiences in patient care, dispensing, practice management, teaching, research and public health.

Specific residency objectives include:

- Providing the pharmacy resident with exposure and a deep understanding of the company's business model
- Offering accelerated opportunities to practice as part of an interdisciplinary team
- Sharpening clinical knowledge base and critical thinking skills
- Helping the pharmacy resident gain management skills and leadership competencies
- Providing the opportunity to learn about the many and varied career paths available within CVS Health

The program calls for highly motivated candidates interested in mastering Long Term Care pharmacy practice as well as the competencies required to lead multidisciplinary teams and be well prepared to assume a leadership role in community pharmacy practice or in a corporate setting in the future.

---

### AT THE CONCLUSION, THE RESIDENT WILL BE ABLE TO

- Perform direct and indirect patient care activities
- Collaborate with other CVS health colleagues across our enterprise as well as other health care professionals
- Learn effective skills in operating a Long Term Care pharmacy
- Exercise leadership and practice management skills
- Engage in health care reform discussions and provide services to the community
- Analyze medical and pharmacy literature to effectively solve clinical problems
- Earn a teaching certificate with experiences in all teaching models including didactic, CE and experiential
- Design and implement a novel service or research at their site
