About the **CFO Org Internship Program**

The CFO Org Internship Program (CIP) is an extended assignment within a Dell finance, accounting, or operations function.

Interns are given projects that give them the opportunity to lead and produce real-world, results that contribute to Dell's operations. Interns are paired with managers, as well as mentors, from the development programs to guide and provide support. Internships will culminate with a presentation to executive management.

Why top talent chooses Dell Technologies

We are committed to offering you a fulfilling career and a fulfilling life. Just as we push the boundaries of technology to support our customers, we want to push the boundaries to support our people. We are grounded in our drive to deliver technology and expertise that not only helps people succeed, but that pushes the realm of what is possible.

Program Curriculum

As an intern in the CFO organization, you'll participate in our comprehensive orientation and training sessions.

You'll have the chance to meet and engage with executives, learn about potential career opportunities at Dell and learn from subject matter experts.
