ROCHESTER, NY
United States

Rochester, in Monroe County, has a rich history of forward-thinking technology and leaders. The area boasts beautiful waterfronts and landscapes, high-performing schools and universities, and is home to leading companies that continuously drive their industries forward.

Rochester is home to one of the world's largest advanced manufacturing facilities for tactical communications products. Here, L3Harris' Jefferson Road Operations Center (JROC) provides solutions that deliver unprecedented situational awareness through high speed voice, data and full-motion video to military, public safety and government agencies in the United States and around the world. Also in Rochester, the L3Harris space business designs, manufactures and integrates high-resolution imaging systems for government and commercial satellites, and remote sensing and ground-based astronomy systems.
