

WE'RE **NATIONALLY KNOWN**, BUT **LOCALLY FOCUSED**

Kindred delivers interprofessional clinical services to support patients and manage their care across the continuum with over 2,000 locations in 47 states. Whether this treatment takes place in a hospital, rehabilitation unit, or a home health setting, Kindred's clinical care consistently exceeds national benchmarks. The SPOTon newsletter is our way of informing, recognizing, and celebrating the students who will form the future healthcare community.

HAPPY HOLIDAYS FROM STUDENT PROGRAMS

Pictured from left to right: **Brooke Doherty, Annie Roden, Laura Dailey, Barb Wallace and Kailin Leisure**

With 2017 coming to a close, the Student Programs team wants to take this time to say THANK YOU to all who have supported us this year. Our students' on-site clinical experience and the educational resources we provide would not be as strong without you!

Our end-of-year newsletter is dedicated to our fall activities, and to showcase those who have helped us. We have been busy this semester, and have had so much fun visiting our school partners and students. A special thank you to those who have supported our new nursing initiative! Aside from our events, we also love to share feedback from our clinical internship students, who post on our social media pages. We wish everyone a wonderful holiday season and a happy New Year!

QUOTES of the QUARTER

"I recently finished a 12-week rotation as an OT student at a SNF in Sparta, Wisconsin. I appreciated the endless support and guidance from not only my immediate OT supervisors, but from the entire rehabilitation team. I appreciated the comprehensive care and open communication that was expressed towards each resident. This setting provided me with great experiences from seeing a variety of residents, implementing various interventions and gaining a further understanding of billing services for varying insurances. Overall, this location is great for building clinical reasoning skills as well as meeting awesome people along the way."

Devin
OT, University of Wisconsin – LaCrosse
RehabCare, Sparta, Wisconsin

"I had an amazing experience as an OTA student at Valley Hi Nursing Home in Woodstock, Illinois! I learned so much from my supervisor, Karla, and coworker, Meg. I am happy it was such a great experience to start off my career as an occupational therapy assistant!"

Alyssa
OTA, McHenry County College
RehabCare, Woodstock, Illinois

"Currently doing a clinical rotation in Bidwell, Ohio and I love it! The staff is wonderful, the instructors are so helpful and everyone is extremely knowledgeable and welcoming!"

DeVanna
OTA, Shawnee State University
RehabCare, Bidwell, Ohio

"My clinical experience as an occupational therapy Level II fieldwork student was excellent! I completed my fieldwork at Kindred-Bayberry in Concord, California. My clinical instructor was amazing and all the therapists (OTs, PTs, PTAs, and SLPs) at the facility contributed to my growth as an OT. I would highly recommend this facility to future students at my school!"

Kevin
OT, Dominican University of California
RehabCare, Concord, California
