WE'RE **NATIONALLY** KNOWN, BUT **LOCALLY** FOCUSED

Kindred delivers interprofessional clinical services to support patients and manage their care across the continuum with over 2,000 locations in 47 states. Whether this treatment takes place in a hospital, rehabilitation unit, or a home health setting, Kindred's clinical care consistently exceeds national benchmarks. The SPOTon newsletter is our way of informing, recognizing and celebrating the students who will form the future healthcare community.

HAPPY HOLIDAYS

Happy Holidays and Happy New Year from the Student Programs Team!

2018 has been such a great year for us and we couldn't have done it without YOU. We are so lucky to have incredible support from our affiliated universities and all who make our students' clinical experiences so special. We wish you all health and happiness as we enter the new year. #TheFutureLooksBright

2018 ARN Conference

The Nursing Student Program was in West Palm Beach, Florida attending the 2018 Association of Rehabilitation Nurses (ARN) Conference. This event gave us the chance to thank our experienced nurses and nurse leaders who focus on rehabilitation.

A special highlight was the work of **Sara Godwin**, Senior Director of Quality Management, who served as the chair of the conference and who won an ARN award. Congratulations to Rehabilitation Clinical Consultant **Renee Tokarczyk** and Program Director **Gabrielle Lozowsky** for their poster presentation. And finally, a big thanks to KHRS Recruiter **Janel Peck** for joining our team in our booth!

AOTA Student Conclave

We were in the center of the action for the AOTA Student Conclave at Bally's Atlantic City, New Jersey. We relished the opportunity to network face-to-face with students from all over the country. These students made positive and lasting impressions while sharing their love for the occupational therapy profession.

Student and Brooke Doherty (Student Programs Manager, West)

Congratulations to **Renee Tokarczyk** and **Gabrielle Lozowsky** for their poster presentation "Overcoming Attitudinal Barriers in a Patient with an Unconventional Discharge Setting"!

A special thank you to **Rodney Tullis** from Talent Acquisition for helping at the booth!

ASHA Conference

Last month the Student Programs Team attended the Annual ASHA Conference in Boston, Massachusetts. Over the three days we met many great SLP students, clinical directors and educators, as well as professional SLPs in the field. Thank you to everyone who stopped by – it was a successful conference and great networking opportunity. We are already looking forward to ASHA 2019 in Orlando, Florida!

KINDRED'S CORE VALUES

The Student Programs Team feels it is important to highlight what makes Kindred such a unique healthcare company. This year, Kindred implemented "the core six" – a list of values Kindred aspires to incorporate into our everyday lives at home and at work. As a new clinician this means your well-being, satisfaction with your work and

patient outcomes are top priority! This shows a commitment to the positive experience Kindred strives to provide for patients, clinicians and support staff.

We highlight "the core six" to new-graduates to stress the importance of considering how such values will influence your future workplace. We feel strongly that Kindred can provide you with experiences and opportunities for advancement that will have lasting impacts on your overall career growth. Feel free to reach out to us to speak about why we love working for Kindred!

"Giving your best doesn't mean being perfect. It means doing the best we can. Kindred supports our infallibility and allows our best effort to be enough."

– Kailin Leisure, Intern

"I feel my individuality is supported and recognized by our leaders through the amazing opportunities I've been given at Kindred."

– Laura Dailey, Nursing SPM

"Having fun at work has always been a top priority for me. I am glad this is a value supported by Kindred."

– Annie Roden, East Therapy SPM

"Kindness is a value I feel is important in both my professional and personal life; it feels good to be led by a team that believes in this value."

– Meeya Hill, Coordinator

"I value Kindred's reputation for bringing together groups of individuals with unique strengths and qualities. This respect for individuality creates strong teams that support our patients, caregivers and students."

– Barb Wallace, Senior Director

"I value Kindred's focus on diversity and inclusion."

– Brooke Doherty, West Therapy SPM
