

## WE'RE **NATIONALLY** KNOWN, BUT **LOCALLY** FOCUSED

Kindred is a leading provider of interprofessional clinical services that support patients and manage their care across the continuum. Whether this treatment takes place in a hospital or rehabilitation unit, Kindred's clinical care consistently exceeds national benchmarks. The SPOTon newsletter is our way of informing, recognizing and celebrating the students who will form the future healthcare community.

# CONGRATS GRADS!

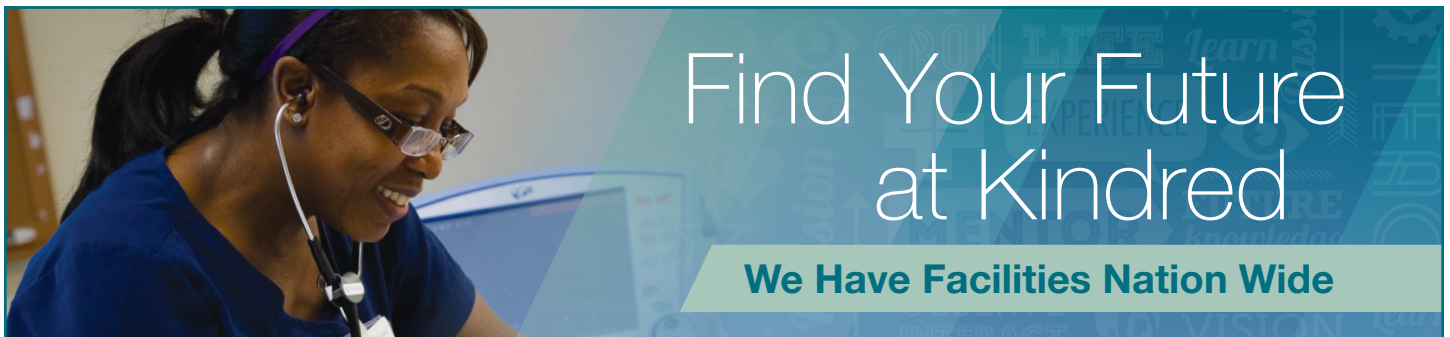

## Celebrating the Class of 2020

Congratulations all recent and upcoming graduates! The Student Programs Team is so proud of your accomplishments. We wish you the best and are here to support you as you embark your professional journey. You are a very unique cohort, experiencing the unimaginable during a global pandemic. Keep pushing on and achieving your dreams.

Are you interested in learning about employment opportunities at Kindred? Search for open positions on our website, [jobs.kindredhealthcare.com](https://jobs.kindredhealthcare.com), and find exactly what you are looking for. If you have additional questions, contact:

**Brooke Doherty**, Therapy Student Programs Manager

## Find Your Future at Kindred

We Have Facilities Nation Wide

At Kindred, we're dedicated to hope, healing and recovery. As the country's largest provider of post-acute care, we care for people recovering from illness or injury – compassionately focusing our efforts on helping them return home to the life and family they love. Our clinical care continues to exceed national benchmarks and earn us the respect of a top employer. Join us and you'll have a powerful voice here. You'll be a valued member of an innovative, supportive organization whose commitment to you is as strong as your passion for the care we give.

# KINDRED AND COVID-19

**Fortis College** in Indianapolis, Indiana made a generous donation of gloves and masks to **Community Rehab Hospital North**. Their thoughtful gift helped us protect our patients, our team members, and our communities from exposure to COVID-19.

From left to right: **Fred**, Chief Nursing Officer of Community Rehab Hospital North; **Richelle**, Dean of Nursing, Fortis College; and **Dr. Cox**, Campus President of Fortis College.

## File This Under Being Kinder Than Expected

**Barb Flickinger**, Director of Human Resources at MercyOne Clive Rehabilitation Hospital in Clive, Iowa, took it upon herself to sew headbands for her team members to help relieve the stress put on clinicians' ears by protective masks. Mask straps can be hung on buttons on the sides of the headbands. This side project, done at night by Barb at her home, is a chic example of a team member being kinder than expected.
